

If you are planning to submit a proposal for Type 1 Diabetes Pathfinder Award (DP2), RFA-DK-08-001, here is some essential information you need to know before you create and submit your proposal using the Cayuse424 system.

The Funding Opportunity Announcement (FOA) for this program is available at <http://grants.nih.gov/grants/guide/rfa-files/RFA-DK-08-001.html>.

There are 10 form sets from which to choose for this FOA; they vary almost imperceptibly by "Competition ID", which corresponds to the **Area of Science** that you identify for your proposal. The Areas of Science are listed in Part II, Section IV.2 of the FOA and are shown below.

Areas of Science:

- 01 Behavioral and Social Sciences
- 02 Chemical Biology
- 03 Clinical and Translational Research
- 04 Epidemiology
- 05 Immunology
- 06 Instrumentation and Engineering
- 07 Molecular and Cellular Biology
- 08 Neuroscience
- 09 Physiology and Integrative Systems
- 10 Quantitative and Computational Biology

When you create your proposal in Cayuse, the Opportunity list shows multiple entries for this FOA:

The screenshot shows a web browser window with the URL <https://cayuse.rf.ohio-state.edu:8443>. The page title is "Create New Grant Proposal?". The "Budget type" is set to "Project". The "Opportunity" dropdown menu is open, displaying five identical entries: "RFA-DK-08-001 --- Type 1 Diabetes Pathfinder Award (DP2)". Below the dropdown are fields for "Proposal Name", "Principal Investigator", and "Organization", each with a "Please select..." prompt. There are also radio buttons for "# of Budget periods" (1, 2, 3, 4, 5) and a "Validation Type" dropdown set to "NIH". At the bottom are "Create Proposal" and "Cancel" buttons. A callout box on the right side of the screenshot points to the dropdown list and contains the text: "The form sets are not readily identifiable on the Opportunity list but are in 'Area of Science' number order".
